

International Regulatory Affairs Manager DE-Baden Württemberg-Karlsruhe Area

Our client is a leading German mid-sized pharma company with an outstanding reputation in their market. With over 1500 staff worldwide, they have an exciting and innovative product range and are experiencing dynamic growth. For their regulatory affairs team, they are now seeking to appoint an experienced

International Regulatory Affairs Manager

to deal with all aspects of international regulatory approval and compliance for their large product range. In this position, you will be the key link between local in-country regulatory bodies, external experts and the global headquarters in Germany. In addition to dealing with day-to-day regulatory affairs for current and future products, you will also closely monitor the international markets and ensure that potential threats and opportunities are recognised and acted upon in good time. Reporting to the regulatory affairs group manager, you will manage a small team of staff to ensure that submissions are prepared successfully.

Your profile: To succeed in this role, you will need to demonstrate a sound track record of success in the international regulatory affairs field. You should have worked closely with foreign regulatory bodies and be comfortable dealing in a 'non-German' environment. Fluent English is an absolute must for this position, as is a creative approach to problem solving, a can-do attitude and a flexible approach. Previous management experience is desirable, but not essential.

This position offers an exciting, international and varied challenge as well as excellent managerial prospects.

If you believe you have the skills and desire to succeed in this role, please forward your CV in confidence to Aline Kemper: aline.kemper@sampson-services.com.
